

Game Name:

Dark Myth

Story:

(greek Myth - but made up story :D)

The story of Themis. Erebus one of the four primordial gods that was birthed by chaos, the first being. Sculpted by the primordial lack of order at the start of the universe. Erebus, the one born from darkness, rules a land in the east known to be the City of Asea. Once a Utopia, Reduced to misery and darkness by the order of erebus. You, born from such utopia, can't stand to see it in such a state. Massacred by the gods. The very ones you used to worship. You set out to abolish such order and intern make a new, for the glory of Asea. Stand now themis, for you have a god to kill.
